P R E F A C E.

This Directory has been compiled from original sources. It contains the names of all the citizens of Dover, Great Falls, and Rochester, N. H. We have called at nearly every house and every place of business in the three towns. The town clerks, school committees and others, have aided us, for which we are very grateful. If our work proves useful, we hope the public will continue to patronize it, and let us receive a just reward for so great a labor.

Those who have inserted their advertisements, will find it a source of profit to them as well as a convenience to our subscribers, for which we tender them our thanks.

One of the prominent advantages of a Directory is, that it furnishes an ever present medium of intercommunication between all classes of people; and, therefore, advertisements inserted are sure to be seen by everybody. Each copy of the book is generally consulted by hundreds of persons, looking for the very articles advertised. Being all classified alphabetically in several different ways, it is easy to find the things wanted.

Many persons see the advertisements so often, they become indelibly fixed in the memory, and may be communicated to friends in all places. Others, casually turning over the leaves, hit upon just what they wished to find among our long list of useful and first-class goods. People are also often thus reminded of things they want, and would otherwise have forgotten. If a person wishes to obtain what is advertised in the Directory, he is sure to find the correct address of the seller or manufacturer.

If he wishes to send by express, it is only necessary for the Directory to be consulted to find both express and goods required.

We often hear people remark, "If I had known where your place of business was, I should have sent to you for my goods;" or, "I didn't suppose you were still in business here; I heard you had sold out, or retired." Therefore it is necessary for even well known business men of long standing to insert their advertisements in the regular Directory, and let their friends know that they still live and desire public patronage, being

A Directory of a town or city is sometimes found so indispensable, that appropriations are made out of the public funds to aid in its production. It is one of the most convenient and useful institutions of our time. It enables us to find the correct address of friends, customers, debtors, criminals, &c. It furnishes information to strangers, aids the town or city officers in making out voting lists, &c., shows the growth and increase of the town, as well as its enlightened enterprise, without which such a work could not be sustained. **GRANITE
ROOFING CO.**

Respectfully ask the attention of Builders and all others interested in Building operations, to a roofing material which has been in use nearly three years, and which is admitted to be better and more economical than any other for the covering of flat roofs.

This Roofing is Superior to Tin,

For the following reasons: It will not rust; it will not crack at the joints; it requires no painting, which will amount in a few years to the original cost of the Granite Roofing. Its first cost is less than half as much, and it will last twice as long. This material is

Superior to Gravel Roofing,

Because it is only one-fifth as heavy. It forms a smooth surface, shedding snow and water freely. It will not choke the gutters with gravel and cement. It will not run over the eaves of a building in hot weather, defacing the walls with streaks of coal tar. It *will not crack in cold weather*. It can be applied with equal facility to STEEP or FLAT roofs. It is as acceptable to Insurance Companies as Tin, Zinc, or Iron.

Samples shown and references given at the office of the **GRANITE ROOFING CO.**

UNION MUTUAL LIFE INSURANCE CO.

OF MAINE.

Directors' Office,

27 Court St., Boston, Mass.

W. H. HOLLISTER, Sec'y. HENRY CROCKER, Pres't

Assets, Six Million Dollars.

Has been in successful operation twenty-two years.

It is a purely mutual Company, having no stock, and is managed by the members for their own benefit.

It furnishes Insurance at the least possible cost. Every dollar of its receipts, after paying the losses and expenses, and providing the necessary reserve, is returned to its members in annual dividends.

Its dividends are made on the contribution plan, by which the surplus to be returned is apportioned among the policies in the exact ratio of their contribution thereto. These dividends are made payable at the end of the second year, and annually thereafter, and may be applied to the reduction of premiums.

It makes all policies non-forfeitable. For the surrender of a plain life policy (requiring annual payments during life, while in force, a paid up policy for an equitable amount will be given. Limited payment life policies, and all endowment policies, are paid up policies for a proportional fractional part of the face of the policy. For instance, a ten year endowment policy for \$1000, requiring ten payments, becomes, after one payment, a paid up policy for one tenth of its face, or \$100; after two payments, for two-tenths, or \$200. The insured under the limited payment policies issued by this Company, therefore, gets exactly the amount of insurance he pays for, whether he makes few or many payments.

Having been organized in 1849, it has been in successful operation twenty-two years, during which it has accumulated assets amounting to nearly \$5,000,000, besides paying its losses and returning large dividends to its members. Its investments earn an interest revenue more than sufficient to pay its accruing losses or its working expenses.

It is economically managed. The ratio of its expenses to its income, for the year 1870, was but 12.81 per cent. Its risks have been selected with great care, as shown by the fact that in the 21st year of its existence, 1870, the ratio of losses to income was but 14.65 per cent. In the practice of Life Insurance the expenses and losses are paid by a yearly assessment upon each premium, and the remainder of such premium, after deducting this assessment and the necessary reserve, is placed to the credit of the policy holder, and either retained by the Company, drawing compound interest, or returned to him in dividends. It follows, therefore, that that Company whose expenses and losses are the least, is the most advantageous to the member. The percentage of these, as will be seen by a comparison with the statements of other Companies, are not only lower than the average of all other Companies, but less than those of any Company of equal age.

It issues all kinds of policies at low rates of premium, grants its members the largest liberty consistent with prudence and safety, and promptly adjusts and pays its losses.

HISTORICAL SKETCH OF GREAT FALLS.

In 1821, nearly all the land, comprising this pleasant village, was owned by Gershom Horne, then residing here, and who, if he had lived until now, would have been 101 years old. He was a farmer, but owned a grist mill, and an interest in a saw mill, and they were both standing on his land, near where the head of the canal of the G. F. Manufacturing Co. now is. His farm comprised about 200 acres, and was valued at about \$8000, chiefly for its wood and timber with which it was well covered. His dwelling house stood on what is now Central square.

The first purchase of real estate for manufacturing purposes of Mr. Horn was by George Varney, for Isaac Wendell, in 1821, and comprised about six acres, bounded by the river on the east, and reaching from where the G. F. Manufacturing Co.'s grist mill now stands, down stream, and it was called the sheep pasture. The second purchase was the mills above named, and lands connected.

From the time of the first purchase of real estate, at the time above mentioned, to 1823, the manufacturing business was carried on by Isaac Wendell, and until the Great Falls Manufacturing Company was incorporated and Mr. Wendell acted as agent for some time afterwards, and George Varney the first purchaser, superintended the purchasing and collecting of materials for building.

The first mill built was of wood, three stories high, and was located where the grist mill now stands. It was raised in June, 1823, and was afterward taken down and carried to Farmington and converted into a saw and grist mill. About this time the Company were making great preparations for mills and dwelling houses.

In 1822 the granite ledge, at Rocky Hills, was opened, and nearly all the stone which has been used for the foundation of all the mills here, has been quarried from that ledge.

A wollen mill was built in 1825 near the present machine shop and counting room, and used as such until 1836, when it was converted into a Cotton Mill, and was taken down in

1833 and rebuilt on its present location, and is now known as No. 3. No. 1 Mill, now known as the Bag Mill, was built the same year.

The Great Falls Hotel was about completed and furnished by the company in 1825, and opened by Joseph Whittier as landlord, who had been an efficient man for the Company up to that time as an agent in some of their building operations.

In 1826, the mills now known as Nos. 3 and 4 were built and the machinery made at the company's shop.

The Great Falls Manufacturing Company was incorporated in 1824.

The first church built in this village was by the Congregational society in 1827. The same year the Methodists built a church; both of these churches are on High street. The Free-Will Baptist society, in 1830, built a church on Market street, and occupied it till 1842. They built their brick church on Green street, and the old church is now converted into a steam mill. The Calvin Baptists built their church on High street in 1833. The Universalist society, which has long since lost its organization here, built a church on Beacon street in 1831, which was removed in 1845. The Roman Catholic church on Main street, was built in 1858. The Main Street Methodists built their church in 1852. This comprises all the church buildings ever erected in the village.

GREAT FALLS General Insurance Agency

Cash Capital Represented, over \$75,000,000.

For Security, Promptness, and Fair Dealing it is unrivalled by any

NEW ENGLAND AGENCY.

The attention of the public is called to the fact that I continue to issue Policies upon all **Insurable Property** at fair and equitable rates. I am controlled by

NO COMBINATION OR ASSOCIATION

to enforce unreasonable or exorbitant rates upon the public. Believing that Insurance, like all other legitimate business, is susceptible to a fair competition, I shall act upon that principle, and furnish Insurance at rates based upon the merits of the risks **IN EVERY CASE.**

MANUFACTURERS, MERCHANTS, FARMERS, AND BUSINESS MEN

in general, will find it for their interest to call upon or correspond with me before insuring elsewhere.

I am agent for the following Companies, which for **STABILITY, LIBERAL ADJUSTMENT and PROMPT PAYMENT OF LOSSES**, are surpassed by no Companies in this country.

FIRE INSURANCE COMPANIES.

Franklin, of Philad.	Assets, \$9,009,888.24	People's, of Worcester,	Assets, \$939,227.00
Phenix, of Brooklyn,	" 1,831,013.47	Independent, of Boston,	" 631,725.18
Roger Williams, of Prov.	" 436,732.91	Firemen's, of New York,	" 446,279.64
Republic, of New York,	" 719,237.55	Hanover, of New York,	" 729,399.84
Putnam, of Hartford,	" 706,937.73	Germania, of New York,	" 4,055,936.11
National, of Bangor,	Cash Cap. 300,000.00	Exchange Ins. Co, Boston,	" 300,000.00
First National, Worcester,	Assets, 333,446.40		

LIFE INSURANCE COMPANIES.

Mutual Life, New York,	Assets, \$46,000,000	Travelers' Life & Accident,	Assets, 1,150,000
Continental, of Hartford,	" 3,000,000	J. Hancock Mut. Life, Boston,	" 3,000,000

In addition to the business of General Insurance, particular attention is paid to **WRITING Deeds, Mortgages, Wills, Bills of Sale, Leases of Stores, Tenements, and Farms.**

All kinds of Law Blanks and U. S. Internal Revenue Stamps on hand and for sale in quantities to suit purchasers. If you have any business in my line please call and satisfy yourself.

Insurance against **LIGHTNING**, as well as **FIRE**, can be effected in the same Policy in the best Stock Companies, without additional cost. All losses promptly settled at this agency, or where the fire occurred, without cost to the insured.

 If you have a Policy expiring, call on, or write to

JAMES G. YOUNG, Agent & Att'y.

PERKINS & HOUSE'S Non-Explosive LAMP.

Absolute Safety. No Odor. Economy.

**SAFE
LIGHT
FOR OUR
HOMES**

The Scientific American says: "Any plan of Lamp that can render Kerosene non-explosive, and insure safety to life and property, is certainly worthy attention, and deserving of general adoption."

The public are invited to examine this Lamp. Do not use an unsafe Glass lamp in your house, when you can get an absolute SAFETY LAMP, that will not explode, that will not give off bad odor, that will not break, that will give a LIGHT EQUAL TO TWO OTHER LAMPS.

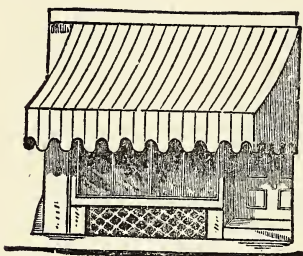

Lamps for the Kitchen, Parlor, Study, for Churches, Public Halls, Factories, &c., &c., for sale by

"FRANKLY SPEAKING, WE AVER THAT 'THE LIVING AGE' HAS NO EQUAL IN ANY COUNTRY."—*Philadelphia Press.*

"IT STANDS AT THE HEAD OF NINETEENTH CENTURY LITERATURE, HOWEVER CRITICALLY CONSIDERED"—*Chicago Evening Journal.*

Littell's Living Age.

Of which more than *One Hundred Volumes* have been issued, has received the commendation of Judge Story, Chancellor Kent, President Adams, Historians Sparks, Prescott, Bancroft, and Ticknor, Rev. Henry Ward Beecher, and many others; and it admittedly "continues to stand at the head of its class."

Issued every Saturday, it gives fifty-two numbers of sixty-four pages each, or more than

Three Thousand Double-Column Octavo Pages

of reading-matter yearly; and is the **only compilation** that presents, with a **satisfactory completeness** as well as freshness, the best Essays, Reviews, Criticisms, Tales, Poetry, Scientific, Biographical, Historical and Political information, from the entire body of Foreign Periodical Literature, and from the pens of the

Ablest and most cultured Living Writers.

It is therefore indispensable to every one who wishes to keep pace with the events or intellectual progress of the time, or to cultivate in himself or his family general intelligence and literary taste.

Extracts from Notices.

From Rev. Henry Ward Beecher.

"Were I, in view of all the competitors that are now in the field, to choose, I should certainly choose 'THE LIVING AGE.' . . . Nor is there, in any library that I know of, so much instructive and entertaining reading in the same number of volumes."

From the Nation, New York.

"The best of all our eclectic publications."

From the Philadelphia Inquirer.

A constant reader of 'Littell' is ever enjoying literary advantages obtainable through no other source."

From the Illinois State Journal

"It has more real, solid worth, more useful information, than any similar publication we know of. The ablest essays, the most entertaining stories, the finest poetry of the English language, are here gathered together."

From the New York Tribune.

"The selections always indicate a refined and catholic taste, and a happy art of catering to the popular demands, without lowering the standard of sound literature."

From the Lutheran and Missionary, Philadelphia.

"An extraordinary value marks many of the articles of this publication, because they are the productions of the ablest men of our times."

From the Pacific, San Francisco.

"Its publication in weekly numbers gives to it a great advantage over its monthly contemporaries, in the spirit and freshness of its contents."

From the Advance, Chicago.

"Every weekly number of 'Littell's Living Age' now-a-days is equal to a first-class monthly. For solid merit, it is the cheapest magazine in the land."

From the American Churchman, Chicago.

"It has always seemed to us to contain the best poetry, the most able essays and criticisms, and the most interesting stories, of any magazine in the English language."

From the Christian Register, Boston.

"It has never borne the marks of more careful research and wiser selection than it does now."

From the Christian Examiner, Richmond.

"It is the great eclectic of this country."

From the Chicago Daily Republican.

"It occupies a field filled by no other periodical. The subscriber to 'LITTELL' finds himself in possession, at the end of the year, of four large volumes of *such reading as can be obtained in no other form*, and comprising selections from every department of Science, Art, Philosophy, and *belles-lettres*. Those who desire a THOROUGH COMPENDIUM of all that is admirable and noteworthy in the literary world will be spared the trouble of wading through the sea of reviews and magazines published abroad; for they will find the essence of all compacted and concentrated here."

From the Chicago Journal of Commerce.

"We esteem it above all price."

Published weekly at \$8.00 a year, *free of postage*. An extra copy sent gratis to any one getting up a Club of five New Subscribers. Address,

LITTELL & GAY, Boston.

The best Home and Foreign Literature at Club Prices.

For *Ten Dollars*, LITTELL'S LIVING AGE, weekly, containing the cream of Foreign Periodical Literature, and either one of the leading Magazines of Home Literature named below, will be sent to one address for one year; viz.,
